West Florida PHRF Information needed for on line Rating Application

Below are the questions you will need to answer in the on line application form. The form will not submit if any required field is left blank. Note that all hull and rig measurements need to be in DECIMAL FEET. Here is a conversion table from inches to decimal feet. DO NOT provide metric or feet and inches measurements.

1"=.08 2"=.17 3"=.25 4"=.33 5"=.42 6"=.50 7”=.58 8"=.67 9"=.75 10"=.83 11"=.92

Items in black type below are required. Items in red are required and multiple choice. Items in blue are optional. We suggest you print this PDF and collect all answers so that you can complete application in 1 session. You can save a partial application and continue (up to 14 days) later if you email yourself the form link.

Last Name First Name

Street Address

City State Zip Code

Phone Primary Number

E-mail Address Must be working

Yacht Club List only one Primary club

Boat Name Sail Number

Region where you race most

Class: Spinnaker, Cruising, etc

Regatta participation level BOTY, Club, Occasional

Boat Model (be VERY specific as HUNTER 27-2 SD, not HUNTER 27 to get proper rating)

US Document or State Registration

Manufacturer Year Built

Hull ID number like: HUN3868JJ001, not 836

Type of racing you will do and safety equipment required (Class Rule 9 & appendix B can be displayed for reference)

ALL MEASUREMENTS IN DECIMAL FEET

Length Over All Length of Water Line Beam

Draft Board Up for Center Boards, Drop Down Keels or Dagger Boards

Fixed Draft or Draft Board down

Displacement Pounds Ballast Pounds

Motor Inboard or Outboard

Prop Type: 2,3,4 Blades Fixed, Fold/Feather or OB

(Continued this page Right column)

Rudder Type: Spade Skeg or Transom

Rig Height: Standard, Tall, Short
